

LETTER OF INTENT

between

**WARSAW UNIVERSITY OF TECHNOLOGY, FACULTY OF CIVIL ENGINEERING,
POLAND**

and

DNIPRO UNIVERSITY OF TECHNOLOGY, UKRAINE

1. Warsaw University of Technology, The Faculty of Civil Engineering and Dnipro University of Technology (hereinafter both referred to as Parties) have analyzed the research potential of both universities, including the human resources available, infrastructure and individual achievements data. The analysis proved that cooperation activities in research programmes will be mutually beneficial to both Parties.
2. The mutual research interests are primarily focused on:
 - a. the exchange of faculty members for the advancement of research, education and professional programmes;
 - b. the exchange of undergraduate, graduate and postgraduate students;
 - c. the exchange of staff members for mutual understanding of the execution of international programmes, and for the development of staff skills;
 - d. the planning and implementation of joint research projects and educational programmes;
 - e. the exchange of documents, information and materials related to research and education.
3. Future cooperation can be extended to other fields of interest formalized within a general partnership agreement.
4. Both Parties will make efforts to find funds to explore the possibilities of cooperation through mutual visits, workshops, development of EU-financed research projects and the exchange of students.
