

**Memorandum  
about cooperation  
between Dnipro University of Technology (Ukraine)  
and Occupational Safety Research Institute (OSRI) p.r.i. (Czech Republic)**

12. August 2021

Dnipro, Ukraine

Dnipro University of Technology, represented by Rector Oleksandr Azyukovskyi and Occupational Safety Research Institute (OSRI) p.r.i., represented by PhDr. David Michalík, Ph.D. DBA signed this Memorandum in order to develop mutually beneficial cooperation between the PARTIES.

Based on partnership, equality and mutual interest, the PARTIES will develop the following forms of cooperation:

- exchange of scientific and technical information and joint publications of results of research work in Ukrainian and Czech profession journals;
- organization of international scientific conferences and present the results of joint research;
- exchange of specialists and scientists in accordance with legal procedures of the relevant institutions in Ukraine and Czech Republic;
- establishing and expanding contacts with industry organizations, enterprises, research institutes, higher education institutions, industrial enterprises of Ukraine and Czech Republic in order to promote scientific products, new technologies and services in domestic and foreign markets;
- independent and/or joint search for different sources of funding joint projects, research and development;
- cooperate on the basis of mutual benefit and trust, maintain business contacts and take all necessary measures to ensure the effectiveness and promote the development of partnerships.

Cooperation may be extended by mutual consent to other activities not specified in this Memorandum.

Responsible persons for the organization of cooperation and fulfillment of the terms of this Memorandum:

- Dnipro University of Technology presented by Dmitry Radchuk, Ph.D.;
- Occupational Safety Research Institute presented by PhDr. David Michalík, Ph.D. DBA
